TidalFit®

SWIM SPAS & DUAL TEMP FITSPAS

WELLNESS FOR EVERY BODY

Designed to fit your life.

No matter your size, your shape, or your need for hydrotherapy, we have a product that was designed and built with passion for you.

PROUDLY MADE IN LAS VEGAS, NV

As a swim spa manufacturer based in Las Vegas, Nevada, USA, we bring 30 years of industry experience to every product we create. Every TidalFit reflects our commitment to exceptional craftsmanship, strict quality control, and unparalleled customer service.

INNOVATIVE TECHNOLOGY

Redefining the swim experience with technology designed for ultimate performance, comfort, and crystal-clear water. Features like True Variable Speed System allow swimmers to adjust the swim resistance at every comfort level.

WARRANTY WITHOUT WORRY

Backed by an extensive warranty that includes lifetime coverage on structure. Our TidalFits are built for exceptional strength and reliability. Enjoy true peace of mind with a product designed for years of lasting relaxation.

COMMITTED TEAM

We’re dedicated to delivering more than just a swim spa, we’re bringing wellness to your home. With us, you’re not just investing in a swim spa, you’re gaining a reliable network to make your spa experience effortless and enjoyable.

PROUDLY MADE IN USA

The features that matter.

AESTHETIC CUSTOMIZATION

TidalFit offers the most versatile combinations of lengths, orientations, swim systems, and therapy configurations. Choose from multiple shell colors, cabinet finishes, and lighting upgrades to create a look that complements your home. Every TidalFit is designed to fit you and your space, not the other way around.

ABSOLUTE HYDROTHERAPY

Choose from three swim systems ranging from family-friendly recreation to elite-level performance. Enhance your experience with optional pool hydrotherapy packages featuring Helix jets that target muscle relief directly. On Dual Temp models, select from multiple hot tub hydrotherapy levels designed for total-body recovery.

ADVANCED SPA MAINTENANCE

Every TidalFit features a standard Hi-Flo Circulation System for continuous filtration and effortless clear water. Choose from the Diamond AOP™, Crystal ProPure™ Ozone Mixing Chamber, or Ozonator to match your maintenance style. Cleaner water, less effort, more time enjoying your swim spa.

DUAL TEMP FITSPAS

Perfect for active days and relaxing nights.

The Dual Temp FitSpa brings fitness and relaxation together in one seamless design, pairing a spacious swim spa with a separate, luxury hot tub featuring independent temperature controls. The DTL models include a 14-foot swim spa with either a 6-foot hot tub (DTL-6) or an 8-foot hot tub (DTL-8). The DT models include a 13-foot swim spa with either a 6-foot hot tub (DT-19) or an 8-foot hot tub (DT-21).

Separate Temperatures. Seamless Experience.

Most backyards ask you to choose. Fitness or relaxation? Cool water or warm? Energy or escape? A dual-temp swim spa refuses to make you pick.

On one side, refreshing water and a powerful current invite you to move, train, stretch, and build strength without the joint strain of a traditional workout. On the other, deeply heated hydrotherapy melts tension, soothes sore muscles, and quiets the noise of the day.

PRESICION HOT TUB MASSAGE

Relaxation, recovery, and pure indulgence. Helix jets take the experience further: their spiraling design delivers targeted pressure to key muscles, while adjustable intensity lets you customize a deep, full-body massage that rejuvenates from shoulders to calves.

YOUR PERSONAL FITNESS POOL, ANYTIME

Bring the benefits of a full-size pool into your backyard. The powerful Quad Swim Jet system creates a smooth, adjustable current for swimming, resistance training, and low-impact workouts, so every session challenges your body while protecting your joints.

Perfect for fitness, family and fun.

Family-friendly TidalFit Swim Spas are an excellent alternative to a full-sized backyard pool. In addition to providing many of the same benefits as a traditional swimming pool, TidalFit is also considerably easier to maintain. TidalFit Swim Spas can be used year-round due to the pool's ability to regulate its temperature. An ideal backyard solution for family amusement.

One Temperature. Unlimited Possibilities.

Some backyards make you choose between performance and comfort. An swim spa delivers both in one seamless, all-season environment! Keep it warm through the winter, cool in the summer, and swim 365 days a year. Train, Play, recover and unwind in the same body of water. Powerful swim resistance and targeted hydrotherapy work together to support total-body wellness.

On one end, adjustable swim current technology lets you swim, run, and strength train with smooth, consistent resistance. On the other, integrated hydrotherapy jets provide soothing relief, easing tension and accelerating recovery after every workout.

BUILT-IN RECOVERY AND RELAXATION

Optional pool hydrotherapy packages featuring Helix jets transform your exercise pool into a recovery zone. Targeted pressure helps loosen tight muscles, improve circulation, and reduce soreness, so your fitness routine and recovery routine happen in the same space.

SWIM AT YOUR OWN SPEED

Experience the power of a swim system built for all levels. From family recreation to focused athletic training. Adjustable current control allows for swimming, resistance exercises, rowing, and low-impact conditioning, delivering a full-body workout.

ABSOLUTE HYDROTHERAPY

JET SYSTEMS

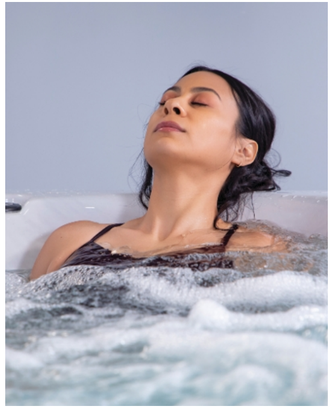

TRUE VARIABLE SPEED SYSTEM

The True Variable Speed System features 4 swim jets, a variable speed pump, WiFi and a touchscreen topside to program workouts. Swimmers can adjust resistance, from gentle to high-intensity. Experience swim power tailored just for you.

QUAD SPEED CONTROL & DUAL SWIM JETS

The Dual Swim Jet System delivers two powerful jets with a single-speed pump. Upgrade to the Quad Swim Jet System for four swim jets and a second pump with speed control, creating a stronger, more dynamic current that challenges your endurance.

HYDROTHERAPY SYSTEMS

The Hydrotherapy System brings the soothing benefits of a hot tub right into your workout space. Relax and recover after every swim with targeted Helix Jets, designed to melt tension, ease sore muscles, and leave you refreshed and rejuvenated post workout.

DIAMOND AOP™

An advanced sanitizer combining Ozone & UV-C creates powerful hydroxyl radicals that rapidly eliminate impurities, keeping your spa water crystal clear.

Optional on all models.

FROG @EASE IN LINE SYSTEM

The built-in hot tub sanitizer with minerals and up to 75% less chlorine.

Optional on Dual Temp spa side.

OZONATOR

Ozonator naturally purifies water by eliminating impurities, reducing chemical use for a cleaner, eco-friendly spa experience.

Optional on all models.

CRYSTAL PROPURE™ OZONE MIXING CHAMBER

A system with Advanced Plasma Gap (APG) ozone cells providing a more powerful and natural way to keep hot tub water clean.

Optional on all models.
